

Natural Gas Rebates

AmerenUE

Missouri Energy Efficient Natural Gas Equipment Rebate Program

- Designed to replace less efficient natural gas equipment with high efficient ENERGY STAR® (Energy Star) qualified natural gas equipment.
- Rebates range from \$25 up to \$300.

Atmos

High Efficiency Space Heating Rebates

- Rebates are being offered to the Company's customers for a portion of the purchase and installation cost of Energy Star rated natural gas furnaces, natural gas boilers, and combination space heating and water heating systems.
- Eligible participants will receive either a \$250 rebate for the purchase and installation of one Energy Star rated furnace or boiler.
- A \$450 rebate for the purchase and installation of one Energy Star rated combination heating and water heating system.

Laclede Gas

Residential High Efficiency Heating Equipment Rebate Program

- The Company's Residential High Efficiency Rebate Program provides rebates to residential owners and customers for the installation of high efficiency heating systems and thermostats.
- Rebates up to \$200.

Missouri Gas Energy (MGE)

Natural Gas Space Heating Incentive

- This program is designed to assist customers with natural gas conservation efforts through the choice of high efficiency natural gas water heaters and space heating systems.
- Rebates are being offered for a portion of the cost of such systems with an Energy Star® rating.
- Rebates range from \$25-\$450 depending on eligibility.
